

## Product Stewardship Policy

RJ Office strives to produce office furniture in the most environmentally responsible manner.

We are committed to constantly improve our environmental practices year on year and ensure that we maintain a balance between the environment, people and our business.

Our product stewardship policy for RJ products provides users with a number of options.

We encourage our customers to contact us about the return of our products. If the products cannot be reused or refurbished, RJ Office will commit to take the products back, at an agreed cost, and ensure that they are disassembled and the components are recycled or where appropriate disposed of responsibly.
