

# M/Connect™

**The M/Connect** USB 3.0, dual-video docking station is a unique innovation that merges ergonomics and technology. Available with Humanscale's M2, M8, and M/Flex monitor arms, M/Connect gives easy access to user ports and conceals IT ports to eliminate cable clutter. The monitor arm dock improves comfort, health, and productivity while offering instant use of all devices through DisplayLink's® Universal Plug and Display™ connection. M/Connect is at the heart of the effortlessly connected, active workspace.

## Features

- Supports up to 40 lb. monitors (M8); (2) 20 lb. monitors (M8 with Crossbar or M/Flex); or 20 lbs. (M2)
- Single laptop cable for universal connectivity (any laptop or tablet with USB) to all peripherals, for up to 3 displays (includes laptop)
- Adjusts one or two monitors up to 11.5" height, 22" depth, 30° tilt, 180° swivel, portrait/landscape rotation
- Integrated cable management through monitor arm
- Sleek, modern look made with highly recyclable parts
- High-speed charging
- Compatibility with Windows, Mac, Android, Chrome or Linux (Ubuntu) operating systems

## M/Connect is Ideal For:

- Home or corporate office workspaces
- Collaboration areas
- Hot-desking spaces
- Check-in areas
- Conference rooms
- Dispatch centers
- High-traffic computing stations

## Design Story

The Humanscale Design Team reimagined the impractical, stand-alone USB docking station that induces cable clutter with a sleek, efficient, and more accessible docking solution that eliminates cable clutter. M/Connect, like all Humanscale products, was designed with a focus on purpose, function, and ergonomics. The result is a unique, all-in-one monitor arm base and USB 3.0, dual-video docking station designed to support workers in an active, adaptive workspace.

## Environmental Story

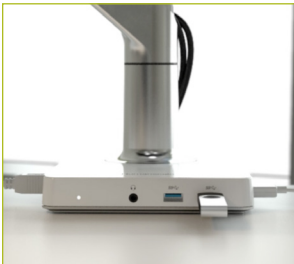

Humanscale products are designed with a constant and genuine focus on their environmental impact at every stage of their development. For us, the best designs in the world achieve more with less, and sustainability is the natural result of this focus. Made with highly recyclable aluminum parts, M/Connect has also been conscientiously engineered to ensure LSZH categorization by using non-PVC cable jackets for its wiring.

## Specifications

Universal connectivity to all peripherals, for up to 3 displays

Instant access to USB ports, dock is secured to prevent "dock walk-away"

Concealed IT ports for a streamlined look and more surface space

<b>Dock Size</b>	<ul style="list-style-type: none"> <li>• USB Hub: 1.07" h x 5.75" w x 5.98" d</li> <li>• Undersurface Dock: 1.26" h x 8.20" w x 3.86" d</li> </ul>
<b>Weight</b>	4.98 lbs.
<b>Video</b>	Dual Video: (1) DisplayPort (v1.2), (1) HDMI (v1.3)
<b>Connectivity</b>	Desktop Hub: 4 x USB 3.0 Super Speed, self-powered (two Type A, 5V, 0.9A, one BC1.2 high speed charging, one upstream [23.6", .6m]), Headphone/mic jack (4pole 3.5mm combo jack with auto switch)
<b>Undersurface Dock</b>	3 x USB3.0 (one BC1.2 high speed charging, two Type A, 5V, 0.9A)
<b>Network</b>	Gigabit Ethernet
<b>OS support</b>	Win XP, Vista, 7, 8, 8.1 and above; Mac OS X, 10.8.3 and above
<b>Cable Management</b>	Optional Cable Covers adhere to surface underside and hide cables
<b>Maximum Resolution</b>	<ul style="list-style-type: none"> <li>• Display Port: 2560x1600 single head, auto downscale to 1920x1080 with dual head. DP HDCP key not supported with external DP IC</li> <li>• HDMI: 2560x1440 single head, auto downscale to 1920x1080 with dual head</li> </ul>
<b>Convenience</b>	Power ON indicator LED on USB Hub
<b>Warranty</b>	Limited 3-Year Warranty
<b>Colors</b>	Silver with gray trim and cables; Black with black trim and cables; Polished Aluminum with white trim and cables
<b>Materials</b>	Aluminum/Steel
