

# VOLT

# VOLT

Some tasks are best performed whilst seated, others require standing room. Introducing VOLT, designed for mobility and function. With its elegant electronic sit-to-stand solution, VOLT sits perfectly in any agile workplace, offering adaptable configurations and customisable power options to suit your individual needs.

VOLT sit-to-stand workstations are available in two stage (720mm-1170mm height range) and three-stage (650mm-1300mm height range). Offered with an easy to use digital display comprising a 4 setting programmable control unit, VOLT enables you to adjust the height of the workstation with minimal effort.

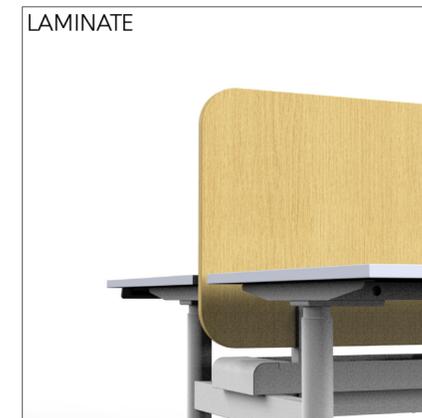

VOLT's privacy screens provide visual and audio privacy. Screens can be either fixed to the frame as a static barrier, or mobile where they move up and down with the desk.

### Privacy screen finishes

Screens are also available in the following finishes:

VOLT also features a fully developed cable management system. Services are reticulated and concealed by VOLT's Hinged Cable Trough, allowing a discrete flow of data between workstations in a cluster.

**01 The VOLT Back to Back Workstation.**  
The VOLT workstation offers a variety of configurations, available in Back to Back, 120 Degree and Single Desk variations

**02 Single or Two Tier cable trays**  
VOLT offers both single and two tier cable tray solutions, reticulating power and data cables efficiently to free the workspace for you.

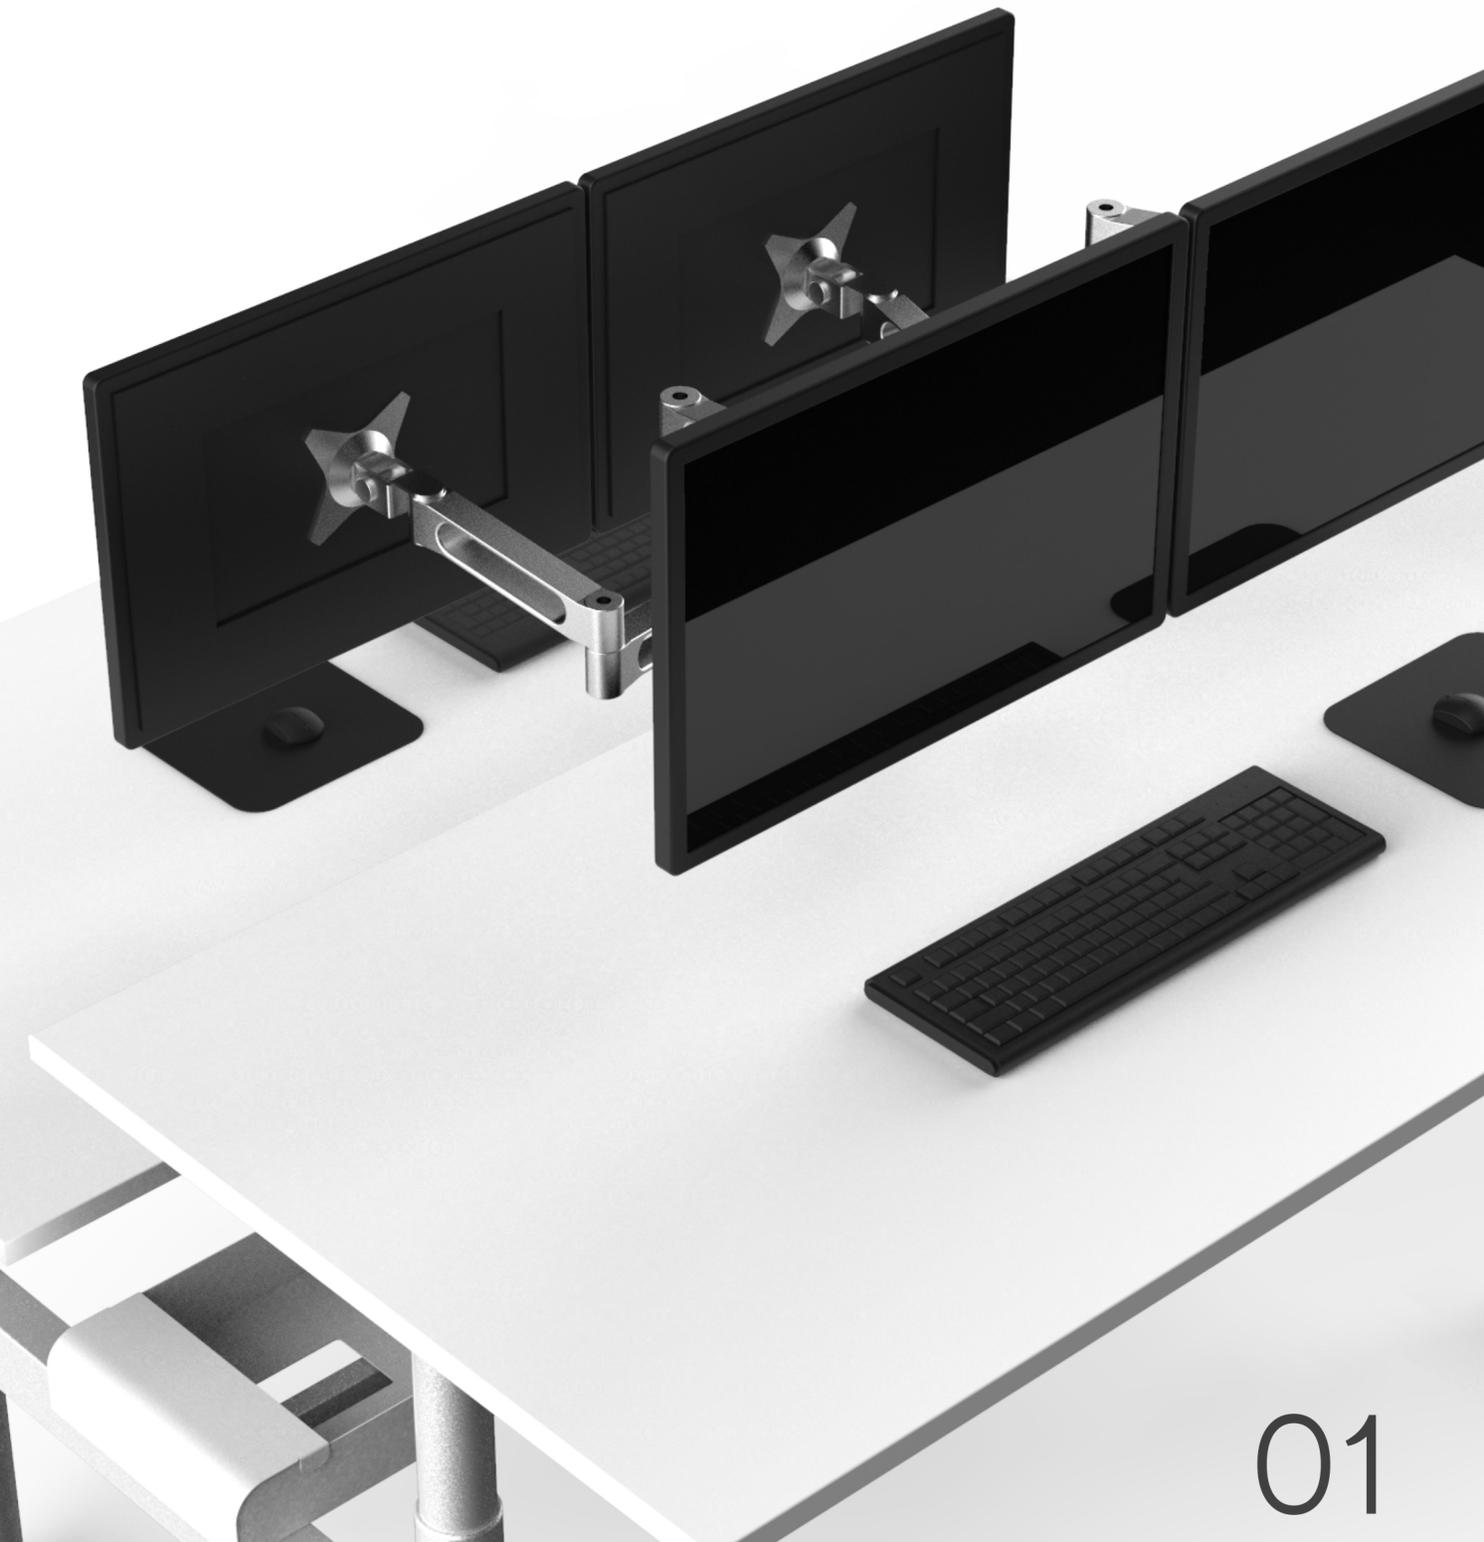

**03 Power, voice and data outlets**  
VOLT power, voice and data outlets are carefully concealed below the desk, decluttering the your workspace.

**04 In-desk power boxes or above desk power rails**  
VOLT adaptable power options allow you to conceal power and data cables using its in-desk power box, or externalise them using ACTIFS above desk power rails.

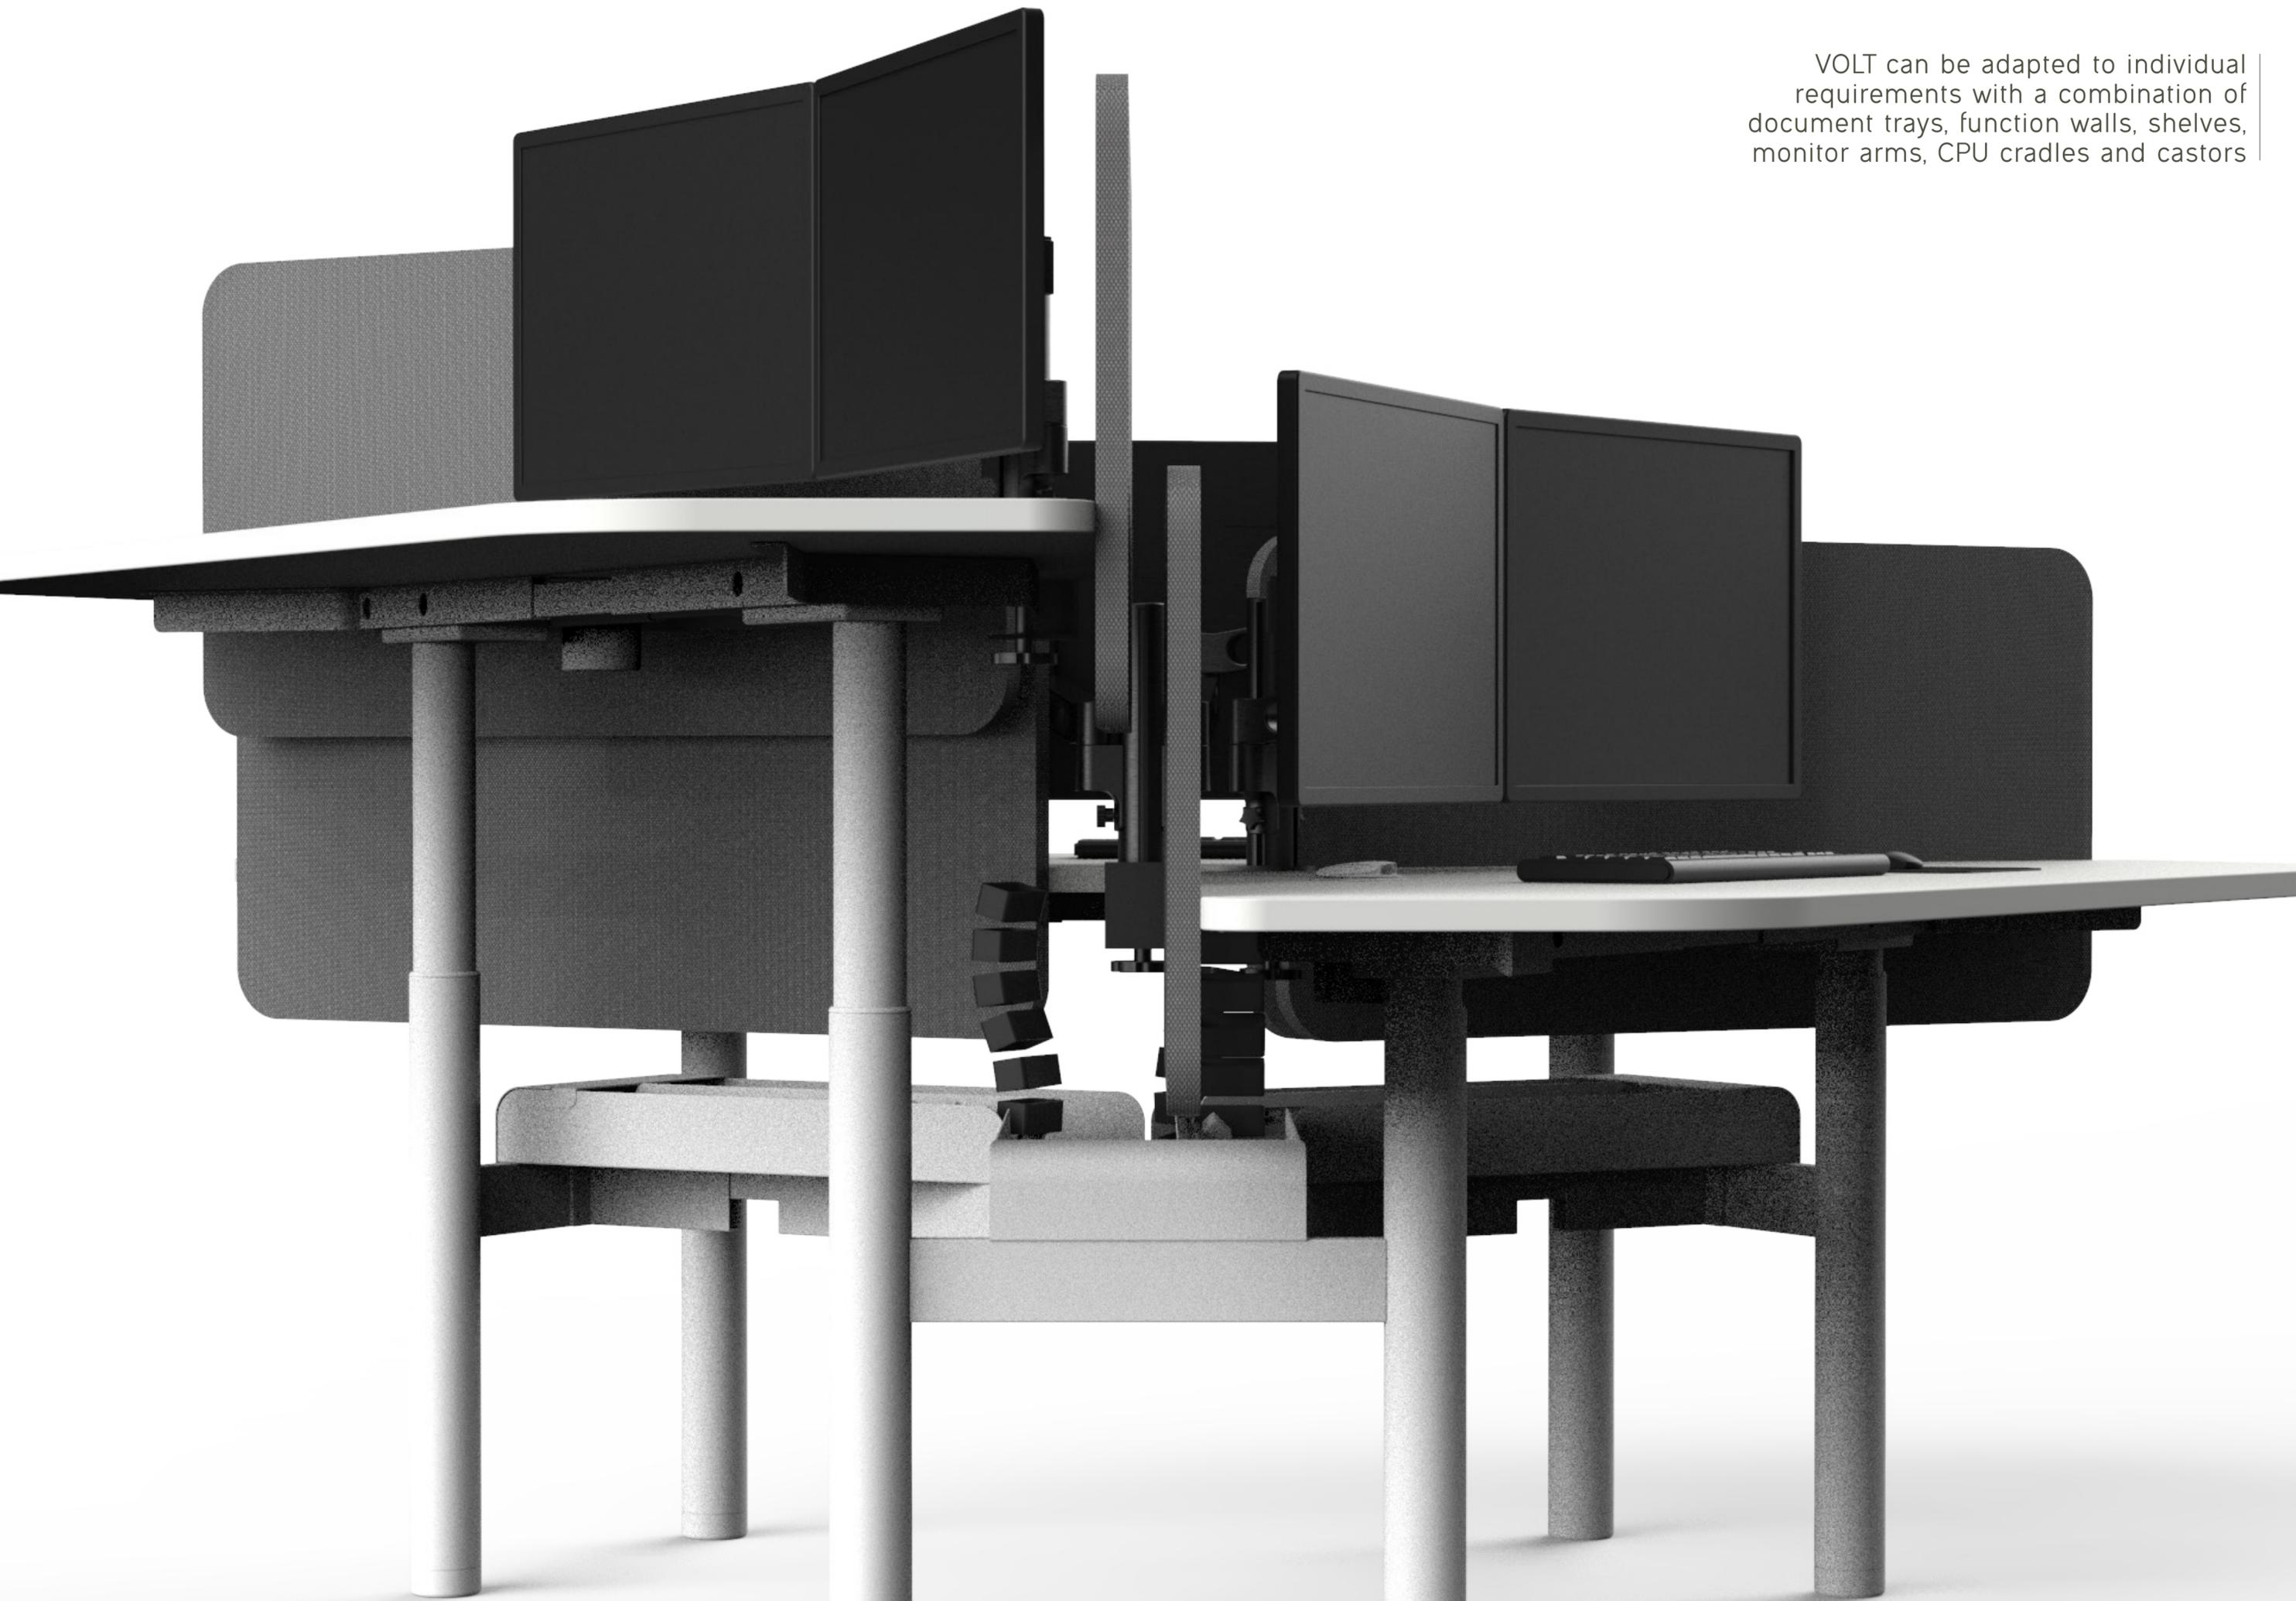

**05 Vertical power management from ceiling via power poles, power blades or umbilicals**  
VOLT provides a variety of power management solutions for ceiling powered workspaces, allowing you to select the solution that best fits you.

**06 Electric height-adjustable workstations**  
VOLT's telescopic beams allow for the workstation footprint to adjust from 1500mm to 2100mm. A 25mm 'Pinch gap' between worktops ensures safety while adjusting the desk up or down.

**07 VOLT accessories**  
The VOLT series comes with a family of accessories and adjustable add-ons, allowing you to tailor VOLT for your own individual workspace needs.

VOLT can be adapted to individual requirements with a combination of document trays, function walls, shelves, monitor arms, CPU cradles and castors
