ACTIF

Some tasks are best performed whilst seated, others require standing room. Introducing ACTIF, designed for mobility and function. With its elegant sit-to-stand solution, ACTIF sits perfectly in any agile workplace, offering adaptable configurations and customisable power options to suit your individual needs.

Actif workstations are available in two height configurations, (610 to 1250mm or 720 to 1130mm) with a variety of height adjustable mechanisms, including a German made two and three stage electric dual motor solution capable of handling up to 120kg in addition to a hand cranked or technician height-adjustable pin version.

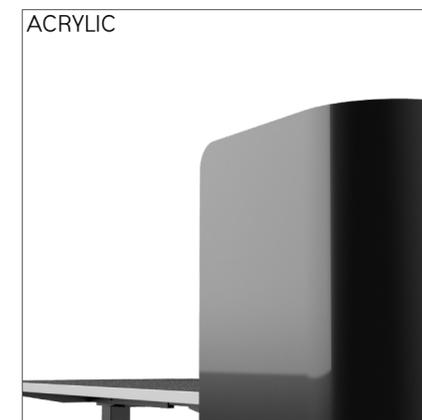

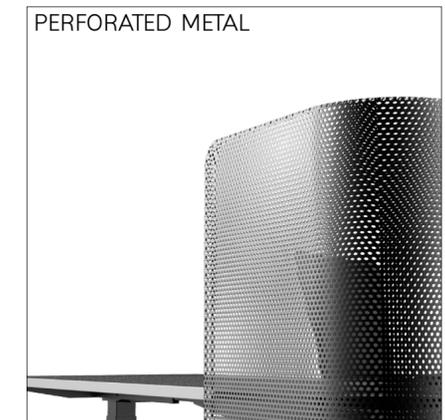

ACTIF's privacy screens provide visual and audio privacy. Screens are either clamped to static frames or available as free standing components within alternative systems.

Privacy screen finishes

Screens are also available in the following finishes:

ACTIF' also features a fully developed cable management system. Services are reticulated in a hinged cable trunking below the desk where cables are concealed, allowing them to travel between workpoints discretely.

01 The ACTIF Singular Workstation.
The ACTIF workstation comes in both Singular and back to back variations, bringing you the versatility your office space needs.

02 Single or Two Tier cable trays
ACTIF offers both single and two tier cable tray solutions, reticulating power and data cables efficiently to free the workspace for you.

03 Power, voice and data outlets
ACTIF'S power, voice and data outlets are carefully concealed below the desk, decluttering the your workspace.

04 In-desk power boxes or above desk power rails
ACTIFs adaptable power options allow you to conceal power and data cables using its in-desk power box, or externalise them using ACTIFs above desk power rails.

05 Vertical power management from ceiling via power poles, power blades or umbilicals
ACTIF provides a variety of power management solutions for ceiling powered workspaces, allowing you to select the solution that best fits you.

06 Hand crank or electronically driven
The ACTIF workstation comes in both electronically driven and hand-cranked models.

07 Actif accessories
The ACTIF series comes with a family of accessories and adjustable add-ons, allowing you to tailor ACTIF for your own individual workspace needs.

ACTIF can be adapted to individual requirements with a combination of document trays, function walls, shelves, monitor arms, CPU cradles and castors
